

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience in the MERN stack (MongoDB, Express.js, React, Node.js) and AWS. Skilled in building responsive, user-centric applications and collaborating effectively in agile team environments. Focused on delivering efficient and scalable web solutions, with a strong foundation in computer science.

EXPERIENCE

Full Stack Developer Intern | RestroWise | Jan 2023 – Dec 2023

Gained practical experience in front-end development with React and backend API management using Node.js and Express.js. Collaborated with senior developers to optimize database queries in MongoDB, improve system performance, and troubleshoot bugs. Supported UI enhancements to improve user interaction and application functionality. Worked on learning and applying best practices for building and maintaining scalable web applications.

AWS Python Developer Intern | Takeo | Jul 2023 – Dec 2023

Developed and deployed serverless cloud solutions using AWS services such as S3 and EC2. Contributed to reducing operational costs by designing cost-efficient solutions and improving the scalability of applications. Collaborated with the team to ensure smooth implementation of cloud infrastructure and application performance enhancements.

PROJECTS

Brewery Tracker | MERN Stack

Created a brewery locator app using MongoDB, Express.js, React, and Node.js, integrating real-time location services with the Open Brewery DB API.

Sastagram | Python, Django, AWS

Developed an Instagram-like app with photo-sharing features, integrating AWS for media storage and improving performance for users.

EDUCATION

Computer Science | Red Rocks Community College

Completed coursework in software development, algorithms, and data structures, building a solid foundation for practical development work.

Full Stack Development Bootcamp | University of Denver | Feb 2024 – Aug 2024

Built full-stack applications using the MERN stack, collaborating on team projects and following agile methodologies.

SKILLS

Technical: MERN Stack, Python, Django, AWS, PostgreSQL, RESTful APIs, GraphQL, HTML, CSS, JavaScript
Soft Skills: Problem Solving, Communication, Team Collaboration, Agile Methodologies

CERTIFICATE

Full stack flex boot camp (MERN stack), Python developer, AWS cloud quest: cloud practitioner.
